February 2022

Dear Friends,

I am very excited to announce that our team, **Team Dore will join forces with the 2022 Jingle Bell Run**. I invite you to support the Arthritis Foundation and walk with me.

Despite the challenges last year brought us, we accomplished so much together. We made meaningful progress in expanding our reach, engaging those involved with us more deeply. We also continued fighting for patient needs and rights, as well as the advancement of a bold scientific agenda.

QUICK HIGHLIGHTS

Protected arthritis patients from surprise medical bills through support of the No Surprises Act, which took effect Jan. 1, 2022.

Expanded the Osteoarthritis Clinical Trial Network (OA-CTN) to now include 15 institutions and experts.

Funded 19 leading-edge research projects across 10 states.

Launched Vim, the chronic pain management app, in May. Now, thousands use it to manage pain, get help and resources, and connect with the arthritis community. Over 23,500 goals have been set so far.

Partnered with the U.S. Department of Veterans Affairs (VA) to expand support for the more than 1 in 3 military veterans battling doctor-diagnosed arthritis.

2022 promises to be a great year. Go experience the new and improved www.arthritis.org and see the great tips, tricks and resources to manage arthritis.

Jingle Bell Run Orange County and Inland Empire will be **Sunday, December 4, 2022**.

Go to <https://events.arthritis.org/participant/TeamDore>

or Scan the QR Code with your phone 

and donate online!

Let's walk in the Winter Wonderland and festive attire is encouraged. Here is how you can support our team:

Use the enclosed envelope to mail in a donation, **make the check payable to Arthritis Foundation**, or drop it off at your next appointment. Should you need additional information or have any questions, please call the Arthritis Foundation staff Teresa Dinh Watanabe at tdinh@arthritis.org or 949-629-7967. They will be happy to help. I look forward to seeing you on December 4th, and to many more years of working together on your healthcare.

Sincerely,

Robin K. Dore, MD
